

A long, elegant hallway with a patterned carpet, bookshelves, and armchairs. The hallway is long and narrow, with a high ceiling and a large skylight. The walls are lined with built-in bookshelves on the left and glass-fronted cabinets on the right. The floor is covered in a dark, polished material, and a long, narrow rug with a repeating geometric pattern runs down the center. Several yellow armchairs are arranged along the right side of the hallway. The overall atmosphere is sophisticated and modern.

### OUR STORY

Based in Portland, Maine and founded by Maine native husband and wife design team Angela Adams and Sherwood Hamill, angela adams offers unique, handcrafted modern area rugs and furniture.

Since the beginning, each piece has been designed by hand by Angela and Sherwood, and then made by hand, using traditional craftsmanship techniques. Our rugs are handmade by skilled artisans in India, and our furniture is handcrafted by master furniture makers in our Portland, Maine shop.

Founded in 1998, the company was an overnight sensation with critics and trade designers alike, providing heirloom-quality modern pieces for inspired spaces.
